

## AK/8-3

### Description

Traditional coffee machine for brewing coffee in the sand (“hovoli”), for professional use. The “hovoli” machine adjusts a traditional technique to the needs of the modern professional and provides:

- Exceptional coffee quality, due to stable operating temperature maintained by the hot sand
- Rapid coffee preparation
- Attractive appearance with impeccable design

The appliance has:

- A heating element of 1500W cast in aluminum for constant temperature and adequate heat transfer for the coffee brewing
- Adequate insulation inside, to prevent heat transfer on the surface of the appliance.
- Thermostat 500 C - 3000 C for the regulation of the heating element’s temperature.
- Safety switch 3700 C for the protection of the appliance.
- Supplied with one small brass coffee pot and one bag of special sand.
